

Campground Rules

We and our staff strive to operate a clean quiet and green campground. A few necessary guidelines and rules are provided to ensure a great camping experience for all.

Please help us keep our environment clean and green by:

- Placing plastic, glass and aluminum in the blue lined trash containers and sack and tie trash and place in green lined trash containers. We happily provide trash bags for you at the office.
- Using approved environmental products in your RV Toilet/Holding Tank. Other products lead to ground water contamination. We carry eco approved products in the store approved by Environment Canada and it is fairly priced for your convenience.
- We have water saver toilets and showers. Please keep the bathrooms clean. Dispose of sanitary items, diapers, all wipes or doggie bags in the trash-not in the toilets as they do not decompose and block up the plumbing and the sewer treatment plant.
- We have a clean laundry with washers and dryers. Please, no washing clothes in the bathroom or hanging wet clothes or towels outside anywhere in the campground.
- There is a Car/RV wash 2 miles towards town. No washing of any vehicles.
- Keep your fires in the fire pit. Do not leave unattended. Please completely douse before retiring or leaving your site.
- Clean up after your pet. See pet policy.
